*WLC team with British Council Bangladesh Country Head of Exam at WLC premises*

British Council Country Head of Exam Mr. Sebastian Patrik paid a visit at WINGS Learning Centre on 26<sup>th</sup> of February, 2018.

He checked into all the amenities and said many satisfactory remarks. The Country Head suggested some probable extensions to the existing partnership.

Like always, WLC has welcome his views very delightfully and stepping into action accordingly. It will increase the venue capacity to an extent of making WLC even larger than already the largest IELTS test centre of the country very soon.

His visit was immediately followed by another visit by a few personnel of British Council Exam Team who touched the base with WLC Team on Country Head's viewpoints.

## 10 Months Journey with British Council

*Shahidur Rahman  
Head of Corporate & Regulatory Affairs*

It is only about two months to celebrate the First Anniversary of Partnership with British Council. I can remember clearly those days when WLC was in a critical situation thinking what would they do? Whether to renew the agreement with IDP BD Pvt. Ltd or break relationship for last 17 years and create a new relationship with BC. After some logical verification and cross thinking our Managing Director Mr. Asif Husain Choudhury decided to go with BC and in this connection on 21st March, 2017 the agreement had signed between WLC and BC. WLC started its journey with the industry leader as Platinum Associate. The issue that plays main role for this agreement was the added business opportunities which WLC can explore through the partnership with BC.

On Behalf of WLC our MD and From BC, Mr. Deep Adhikari, Director Examination signed the agreement. After a huge renovation, the First IELTS exam started from 06th May, 2017 and still continuing. WLC is now considered as the most organized and well branded Exam venue of BC. We are very much hopeful that WLC will be acted as the commercial Venue for School Exam (O & A level) from May - June session of 2018.

Since I am getting a chance to write something, I want to thank the full BC team as well as our MD, Mr. Asif Husain Choudhury without his advices we may not go with BC so easily.

### Alumni Member of WLC

Wings Learning Centre is an excellent place for culturing English language for the following reasons:

Firstly, it employs highly qualified teachers from different universities and reputed English medium schools and colleges.

Secondly, it offers different kinds of English courses depending on the need of particular candidates.

Thirdly, its fees are quite reasonable in comparison with other institutions in the country.

Fourthly, the class room size, number of students, is comparatively smaller while the environment of WINGS is really friendly, cooperative, well-equipped, and free of external noises.

Finally, since classes, mock tests and real IELTS tests are held here, it is certainly the best to be familiar with all the activities and processes of such tests before a real exam.

Therefore, I wish all the best to WINGS.
